Algodones Dunes

This the the largest dune field in North America. It is 45 miles long (north-south) and about 6 miles wide. It stretches into Mexico. (February 2008)

All American Canal

Imperial County would not exist if it weren't for the All American Canal bringing water from the Colorado River. The canal also generates electric power. (February 2008)

Glamis

During the weekdays Glamis is just a general store servicing ATV users who ride the dunes. On weekends tens of thousands show up to ride the dunes. (February 2008)
