# Vernon

This is an industrial city. Only 100 people live here and they are city employees. The opportunity for corruption is enormous. A number of people want to dissolve the city. The city owns its own power plant. (December 2003)

# Cudahy

Cudahy was created by a meat packer in 1908. He wanted to create a city that appealed to farmers in the midwest. (December 2003)

# Cudahy

(December 2003)

# Cudahy

These are Cudahy lots. They are 600 to 800 feet deep. They have since been subdivided. Originally they were about an acre and could provide enough room to grow crops and raise animals. (December 2003)
